MEMORANDUM FOR THE RECORD

SUBJECT: Legislative Task Force

1. The Legislative Task Force met on 4 September 1953.
2. The Chairman reported that the Medical Office concurs in those aspects of the preliminary report of the Task Force which concern medical affairs and interests.
3. It was agreed that:
 - a. With respect to certain alternatives on which the CIA Career Service Board did not recommend further action (during its meeting on 31 August 1953), the Task Force would not make additional studies, but would cite such decisions in its final report.
 - b. With respect to personnel evaluation, Missing Persons Act, and home leave, the matter would no longer be a primary concern of the Task Force but would be turned over to General Counsel to implement the decisions of the CIA Career Service Board.
 - c. All other subjects would be given renewed study by the Task Force. The results of such study would be a complete, thorough staff study on each subject, with attention being given to merging two or more subjects in a single staff study where possible.
 - d. It was agreed that completed staff studies would be reviewed by the Task Force for approval, and would be exposed to wide coordination and review throughout the administrative offices. Not only would feasibility be determined, but cost estimates prepared by the Comptroller would be included where indicated. The Chairman will serve as a central point for obtaining assistance within the administrative offices (e.g., Comptroller, General Counsel) whenever desired by individual members.
